

Coupling of postural sway through communication

- Postural sway measured by force plate
- Level of direct communication manipulated by talking directly or to confederate / visibility

Coupling of postural sway through communication

Speech can be a “coupling tool” for coordination of previously autonomous bodies

Shockley, K., Santana, M-V., Fowler, C. (2003). Mutual Interpersonal Postural Constraints Are Involved in Cooperative Conversation. *Journal of Experimental Psychology: Human Perception and Performance*, 29, 326-323.
